The corporate governance of RHYTHM CO., LTD. (the “Company”) is described below.

I Basic Views on Corporate Governance, Capital Structure, Corporate Attributes, and Other Key Information

1. Basic Views

In order to realize sustainable corporate growth and the improvement of Corporate Value over the medium to long term, the group will build good relationships with its shareholders and various other stakeholders, make transparent and fair decisions based on social trends, and implement necessary measures as appropriate.

Business Philosophy

[Basic Principles] We shall contribute to the formation of an enriched, enjoyable and safe society through the ongoing pursuit of unrelenting creation and innovation.

- We shall create products and services that please all.
- We shall endeavor to facilitate the prosperity of affiliated parties through business dealings all over the world.
- We shall establish a corporate culture rich in vitality.

[Corporate motto: Code of Conduct and Rhythm Spirit]

- Maintain a spartan spirit
- Maintain an uncompromised scientific (rational) spirit
- Maintain a wholesome and cooperative (harmonious) spirit

[Reasons for Non-Implementation of the Principles of the Corporate Governance Code]

The Company implements all of the principles of the Corporate Governance Code.

[Disclosure Based on the Principles of the Corporate Governance Code]

[Principle 1-4 Cross-Shareholdings]

1. Policy on Cross-Shareholdings

Regarding shares held for purposes other than net investment purposes, the basic policy is rationality of the purpose of holding such as business alliance, maintenance and strengthening of transactions, and social contribution, etc., and Director in charge conducts prior verification once every year and reports it to Board of Directors.

(Policy and Views on Cross-Shareholdings' Reduction)

The Company will endeavor to reduce Cross-Shareholdings by examining the medium- to long-term economic rationality, etc. of individual Cross-Shareholdings shares, and selling shares that are judged to be unnecessary to be held continuously.

(Verification method)

For each individual share, the Company examines Cross-Shareholdings carefully whether the purpose of holding is appropriate and whether the benefits and risks associated with holding are commensurate with the cost of capital and confirms the appropriateness of holding at Board of Directors every year.

2. Exercise of Voting Rights

Exercise of voting rights is considered an important means of influencing the management of the investee company and leading to the improvement of its corporate value. The Company does not make decisions for or against shareholder in a uniform manner based on fixed and short-term criteria, but from the viewpoint of whether it will lead to improvement of its corporate value over the medium term and shareholder returns. In addition, the Company considers each proposal and makes decisions for or against each proposal, focusing on whether the investee company is conducting management that emphasizes the development of the company and the interests of shareholders, etc.

The Board of Directors will vote against shareholder in the event of serious corporate governance concerns such as serious damage to the company or social scandals.

[Principle 1-7 Related Party Transactions]

Competitive transactions and conflict-of-interest transactions with Directors and corporations substantially controlled by Directors require deliberation and resolution by Board of Directors in accordance with the rules.

[Supplementary Principle 2-4 ㊦] (Ensuring Diversity)

The group believes that the realization of diversity leads to corporate growth, and has established the Rhythm DEI Vision to describe the ideal state of group employees, and has established various policies related to human rights and human capital, the Human Rights Policy, the Human Resources Development Policy, and the Internal Environment Improvement Policy. Based on these policies, the Company has implemented various initiatives to respect human rights, promote the advancement of diverse human resources, and reform working styles and corporate culture.

In addition, in order to realize the Rhythm DEI Vision, we regard “creating a workplace where diverse human resources can make the most of their abilities” and “active participation of women” as important issues, and monitor highly relevant indicators, and set targets and evaluate particularly relevant

indicators.

[Principle 2-6 Roles of Corporate Pension Funds as Asset Owners]

The Company recognizes that the management of corporate pension funds has an impact on its own financial situation as well as on the stable asset formation of employees. The management of corporate pension funds is determined by the Pension Asset Management Committee, which is chaired by Director in charge of corporate management, and is entrusted entirely to asset management companies. The Company makes efforts to appropriately manage conflicts of interest that may arise between corporate pension beneficiaries and the Company by receiving periodic reports from the asset management companies on the asset management status and stewardship activities, etc., and by monitoring the asset management companies by person in charge of personnel department and accounting department. The results are reported quarterly.

[Principle 3-1 Enhancing Information Disclosure]

1. The Company's Objectives, Business Philosophy, etc., Business Strategy, and Management Plan

The Company's Objectives, Business Philosophy, etc., and Medium-Term Management Plan are posted on the Company website.

[Management Philosophy] <https://www.rhythm.co.jp/about/philosophy.html>

[Medium-Term Management Plan] <https://www.rhythm.co.jp/ir/plan.html>

2. Basic Views and Policies on Corporate Governance

The basic views on corporate governance are described in the Corporate Governance Report. In addition, the basic policy

[Corporate Governance System] is described in the securities report and on the Company website.

[Corporate Governance System] <https://www.rhythm.co.jp/ir/governance.html>

3. Policy and Procedures for Determining Remuneration of Management Executives and Directors

Director's remuneration for Director excluding Director who is a member of Audit and Supervisory Committee is determined by Board of Directors and for Director who is a member of Audit and Supervisory Committee is determined by consultation of Directors who are members of Audit and Supervisory Committee, after discussion at the Governance Committee which is composed of mainly Independent Outside Director, within the limit of the total amount of remuneration determined by General Shareholders Meeting, taking into consideration of the Company's business performance, management conditions, economic conditions, and other factors. The determination policy is disclosed in "Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods" in this report. Regarding [Supplementary Principle 4-2 ①], the remuneration of management executives consists of a fixed salary portion (basic remuneration) and a performance-linked portion (bonuses for officers). Regarding Directors excluding members of Audit and Supervisory Committee and Executive Officers, to be linked to medium- to long-term performance, a certain amount of basic remuneration is allocated to the acquisition of the Company shares by contributing to the Stock Ownership Plan for Executives, and the acquired shares are held continuously during their term of office and for one year after their retirement.

4. Policies and Procedures for Appointment of Executive Officers of Management and Nomination of Candidates for Directors

In nominating candidates for Director excluding a member of Audit and Supervisory Committee the Company makes a comprehensive judgment based on such factors as the fact that the candidate is a person who can be expected to contribute to the further development of the group as a whole, which conducts international business, taking into account diversity such as gender, internationality, work experience, and age, in addition to his/her knowledge, experience, and ability. After discussion at the Governance Committee, which is composed mainly of Independent Outside Director, Board of Directors makes a decision. In nominating Director who is a member of Audit and Supervisory Committee, in addition to the above, the Company makes a comprehensive judgment based on such factors as the fact that the candidate can audit the execution of duties of Director excluding a member of Audit and Supervisory Committee, contribute to ensuring the soundness of management, and has expertise in legal affairs, accounting, or corporate management. Outside Director's term of office is limited to 10 years in principle from the viewpoint of securing Independence.

In the event that there is misconduct in the execution of duties or a material violation of laws, regulations, the Articles of Incorporation, etc., the dismissal of a Executive Officer of Management is decided by Board of Directors after discussion at the Governance Committee.

5. Explanation of Individual Appointment and Nomination

The background and reasons for appointment of each candidate for Director are described in the Notice of Convocation of General Shareholders Meeting.

[Supplementary Principle 3-1③] (Sustainability initiatives, etc.)

The group has positioned a sustainability strategy as one of its important strategies. While creating social value through its business and corporate activities leads to the improvement of Corporate Value, the Company believe that human rights and environmental initiatives not only within the company but throughout the supply chain are important factors that enhance corporate sustainability.

The Company has set the group's materialities as "Environment" responding to climate change and "DEI (Diversity, Equity, and Inclusion)" including human rights and human capital. To promote these initiatives, a promotion system centered on the Sustainability Committee has been built. In addition to establishing a corporate philosophy system including the Basic Sustainability Policy, the Company has set targets such as reduction of CO2 emissions and formulated and implemented specific measures to achieve these targets. Through regular and quantitative monitoring, the Company will achieve these targets.

Regarding sustainability-related governance and risk management, the Company established the Sustainability Committee in June 2022, chaired by President, with the aim of strengthening initiatives for sustainability at the management level. The Sustainability Committee deliberates on policies and important issues for sustainability activities, monitors and evaluates performance held 4 times a year, and reports 2 times a year to Board of Directors via Management Committee.

In addition, as a subordinate organization of Sustainability Committee, group-wide working groups have been established for each of the materiality of "Environment" and "DEI (Diversity, Equity, and Inclusion)". The responsible persons and persons in charge have been selected from all divisions of the Company and all of the group, and the activities place importance on communication with employees. With regard to risk management related to sustainability, the Company is taking measures within the group's comprehensive Risk Management structure, and among these, it is recognized that

climate change risks are an important issue. Details of the assessment of the risks and opportunities posed to the Company's business and countermeasures are disclosed based on the recommendations of TCFD (Climate-related Financial Information Disclosure Task Force).

The company's sustainability system, approach, and status of initiatives are posted on the Company website as needed.

[TCFD] https://www.rhythm.co.jp/ir/pdf/2025/20250226_3.pdf

[CSR Activities] <https://www.rhythm.co.jp/sustainability/csr.html>

Regarding investment in human capital, in addition to the above DEI initiatives, the Company is promoting initiatives aimed at fostering human resources and improving the motivation for working through corporate culture reform, fostering global human resources, new graduate recruitment activities, and various training programs.

Regarding intellectual property, the Company is promoting establishment of the rights and utilization of intellectual property, including overseas, and also focusing on initiatives from the viewpoint of counterfeiting. These initiatives are managed by the divisions related to R & D and new product planning and development, as they enhance the Company's competitiveness and lead to the improvement of Corporate Value.

[Supplementary Principle 4-1 ①] (Outline of Scope of Delegation to Management)

The Board of Directors Rules clarify matters to be judged by Board of Directors. In addition, Management Committee has been established to deliberate in advance matters required Board of Directors's decisions, and to make decisions on other matters related to business execution within the scope of the authority entrusted by Board of Directors.

Regarding [Supplementary Principle 4-1 ③] (Establishment of Succession Plan) is as follows.

The succession of the Chief Executive Officer, etc. of the Company, which conducts international business, is to be decided by Board of Directors after comprehensively judging qualities, leadership abilities, management abilities, etc., after discussion at the Governance Committee, which is composed mainly by Independent Outside Director. With regard to the development of the succession of Director and the Chief Executive Officer, etc., the Company has formulated a Management Succession Plan, which sets criteria for the appointment and dismissal of senior management, selects and evaluates candidates for the succession of Director and the Chief Executive Officer, etc., and formulates a development policy. In these processes, the Governance Committee, of which Outside Director is the majority, is involved to enhance objectivity, transparency, and appropriateness. Currently, from the viewpoint of the development of successors, the Company provides opportunities for Executive Officers, etc. to participate in group management by having them attend important meetings, etc., of the Group.

[Principle 4-9 Independence Criteria and Qualifications for Independent Outside Director]

In accordance with the Companies Act, Independence Standards stipulated by the Tokyo Stock Exchange, and the Company's own Independence Standards for Outside Director, the Company appoints Independent Outside Director for his/her high level of expertise and abundant experience in providing candid and constructive advice and supervision to the management of the Company.

The Company's own Independence Standards for Outside Director are disclosed in "Independent Directors" of this report.

[Supplementary Principle 4-10 ①] (Establishment of Advisory Committee with Independent Outside Director as a major member)

The number of Independent Outside Director currently stands at four, which does not meet the majority of Board of Directors. As part of enhancement functions of Board of Directors, the Governance Committee, a majority of which is headed by Independent Outside Director, has been established as a voluntary body that can provide advice on the nomination and remuneration of Management executives. The concept of the Committee's independence, authority, and roles are set forth in the Governance Committee Regulations.

[Supplementary Principle 4-11 ①] (Board of Directors's overall approach to knowledge, experience, capabilities, balance, diversity, and its scale)

Nomination of candidates for Director is made comprehensively from the perspective of the matters to ensure accurate and prompt decision-making, appropriate risk management, oversight of business execution by Board of Directors, and to ensure a balance and experience that can cover each of the Company's functions and business divisions and global perspectives and awareness.

In addition, in light of changes in the business environment, business strategy and management plan, the knowledge, experience, and abilities expected of Director are visualized in the Skills Matrix (<https://www.rhythm.co.jp/ir/governance.html>) to optimize the balance of Board of Directors's composition, ensure diversity, and improve the effectiveness of Board of Directors.

[Supplementary Principle 4-11 ②] (Status of concurrent positions at Director)

At the end of each fiscal year, the Company conducts a questionnaire survey to confirm the existence of related party transactions and the status of concurrent positions, and has established a system to manage the status of concurrent positions held by Management executives. The results of this survey are disclosed every year in the business report of General Shareholders Meeting, the Annual Securities Report, and the Corporate Governance Report.

[Supplementary Principle 4-11 ③] (Effectiveness of Board of Directors)

As part of its efforts to enhance the effectiveness of corporate governance, the Company conducts an evaluation of the effectiveness of the Board of Directors at least once a year with the aim of contributing to the management of Board of Directors. With regard to the evaluation of effectiveness, the Company conducts a information disclosure on the outline of the results of the evaluation with the aim of promoting cooperation with stakeholders.

[Evaluation of the Effectiveness of Board of Directors]

In order to ensure objectivity and transparency, the Company conducts a questionnaire survey of Board of Directors members with the support of an external organization. In addition, based on the results of the questionnaire survey, Board of Directors conducts discussions, and analysis and evaluation. The outline of these analyses and evaluations is as follows. (Date of survey: March 22, 2024 to April 5)

(1)Although the effectiveness of the Company's Board of Directors has improved, it is necessary to continue efforts to strengthen group governance.

(2)Board of Directors's support system is generally appropriate, but there is room for improvement in the narrowing of the agenda items to be discussed at Board of Directors and the way of its management.

Based on the above results, we will strive to make improvements as much as possible in the future. With regard to the composition of Board of Directors, although the appointment of female is also progressing, the Company will work to ensure further diversity.

In addition, Board of Directors will not be limited to the results of these analyses and evaluations, but will proactively work to improve the effectiveness of the Company's corporate governance.

[Supplementary Principle 4-14 ②] (Director Training)

The training policy for Management executives is to provide training for each executive as needed and various training programs held jointly for Executives based on the annual schedule so that Executives can fully fulfill its role. The purpose of these programs is to contribute to the development of the Company and the industries to which the group companies belong by acquiring knowledge and information that is necessary for their business and responsive to the changing times.

[Principle 5-1 Constructive Dialogue Policy with Shareholders]

The Company has established a disclosure policy and responds to requests from Investors and shareholders. The department in charge of Investor Relations serves as the contact point, and the director in charge of corporate management oversees it.

In addition, regular briefings to Investors are provided through one-on-one meetings with Investors and shareholders, financial results briefings twice a year, and corporate briefings for individual Investors, and other opportunities for Dialogue with Investors. Videos and materials of the financial results briefings are available on the Company website.

[Financial Results Briefing] <https://www.rhythm.co.jp/ir/settlement.html> (Available from the explanatory materials and video links)

[Implementation Status at dialogue with shareholders]

For dialogue with shareholders, President and Representative Director, Director in charge of IR, and others conduct the meetings. Outside Director participates in the financial results briefings and, upon request, responds to individual Dialogue meetings.

In FY 2023, the main events held in Dialogue with shareholders were financial results briefings of 2 times, company briefings for individual Investor of 1 time, and individual consultations and meetings of 40 times. At Dialogue, the main themes and topics of interest include growth strategy, progress of medium-term management plan, investment plan, approach to shareholder return, initiatives for capital cost management, and financial and capital policies. The questions and answers, opinions, requests, and comments held at Dialogue are shared among Executives and reported to Board of Directors twice a year on IR activities. Based on the opinions of Investors and Analysts and the requests of shareholders, etc., the Company expands disclosure information, examines shareholder return policy, and takes measures to realize management that is conscious of capital cost and stock price.

[Status of Dialogue with Shareholders and Investor] <https://www.rhythm.co.jp/ir/discussion.html>

[Action to implement management that is conscious of capital cost and stock price] [Disclosure in English] [Update: March 24, 2025]

Based on the Medium-Term Management Plan announced in 2022, the Company has been reviewing its business portfolio, implementing capital investment plans, and investing in human capital. An overview of the policies and status is announced at financial results briefings held twice a year, and videos and materials are available on the Company website. Since FY 2022, we have been implementing and upgrading capital cost management by adopting ROIC, hurdle rate, and other measures for business portfolio analysis and individual investment case evaluation.

The Medium-Term Management Plan 2027 formulated in March 2025, the first year of which is FY 2025, also stated the promotion of capital cost management and set the targets for FY 2027 to achieve an operating profit margin of 6.3% and a ROE of 6.0%.

In this way, the Company is promoting management that is conscious of cost of capital and stock price, and has published "Action to Implement Management that is Conscious of Cost of Capital and Stock Price" on the Company website.

Policy for Determining Remuneration Amounts and Calculation Methods	Established
---	-------------

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

At Board of Directors on February 24, 2021, the Company established Policy for Determining the Details of Individual Director's Remuneration (Hereinafter referred to as the "Policy"). The outline is as follows.

The basic policy is that the remuneration of Director of the Company will be a remuneration system linked to shareholder interests so as to fully function as an incentive for the sustainable improvement of Corporate Value, and that the remuneration of individual Director will be determined at an appropriate level in consideration of each position.

There is no retirement benefit system for Director.

Remuneration of Directors excluding Audit and Supervisory Committee Members consists of a fixed salary portion (basic remuneration) and a performance-linked portion (executive bonuses). The fixed salary portion of Director excluding Audit and Supervisory Committee Members is determined by Board of Directors after discussions at the Governance Committee, which is composed mainly by Independent Outside Director. The amount of individual remuneration is determined by President as delegated by Board of Directors, taking into consideration business performance within the limit. The amount of remuneration for Director excluding Audit and Supervisory Committee Members was resolved at Board of Directors held on June 21, 2024.

The performance-linked portion (executive bonuses) is determined by resolution of Board of Directors, taking into consideration business performance, etc., to the amount calculated by multiplying consolidated net income by a certain rate, using consolidated net income as an index in light of the Company's business conditions, etc., in order to raise awareness of improving business performance for each business year and to achieve sustainable improvement of Corporate Value. The amount of individual executive bonuses is determined by President as delegated by Board of Directors, taking into consideration business performance within the limit. Non-monetary remuneration is not introduced.

The maximum total amount of remuneration for Directors excluding Audit and Supervisory Committee Members was resolved at the 92 Annual General Shareholders Meeting held on June 20, 2018 to be 180 million yen per year or less. The number of Directors excluding Audit and Supervisory Committee Members as of the conclusion of this Annual General Shareholders Meeting was 3.

The remuneration of Director and Audit and Supervisory Committee Member is to be paid only a fixed salary (basic remuneration) in light of his/her duties. Individual remuneration amounts are determined through consultation with Audit and Supervisory Committee held on June 21, 2024.

The maximum total amount of remuneration for Directors and Audit and Supervisory Committee Members was resolved to be 48 million yen per year or less at the 92 Annual General Shareholders Meeting held on June 20, 2018. The number of Directors and Audit and Supervisory Committee Members as of the conclusion of this Annual General Shareholders Meeting was 4.

Regarding Director's remuneration for the fiscal year under review, a resolution was passed at Board of Directors held on June 21, 2024 to delegate the determination of specific details of individual remuneration, etc. to President Takeo Yumoto. The reason why President was entrusted is that he is the most

suitable person to evaluate each Director while overseeing the performance of the Company as a whole. The details of individual remuneration, etc. were determined based on the rules and discussions at the Governance Committee composed mainly by Independent Outside Director, and Board of Directors has concluded that content of the remuneration is in line with the determination policy.

[Support System for Outside Directors]

There is no dedicated person in charge of Outside Director.

2. Matters Concerning Functions of Business Execution, Auditing and Supervision, Nomination, and Remuneration Decisions (Overview of Current Corporate Governance System)

(1) Overview of the Company's Organization

The Company has adopted a company with Audit and Supervisory Committee, with 11 directors. Of these, five are Director and Audit and Supervisory Committee Member. 4 of them are Outside Director and Audit and Supervisory Committee Member. One of them is a female.

The Company and Outside Director who is a member of Audit and Supervisory Committee, have entered into a liability limitation agreement to limit their liability under Article 427, Paragraph 1 of the Companies Act, and the maximum amount of liability under the agreement is the minimum amount stipulated by laws and regulations.

The Company aims to improve management efficiency by having Board of Directors be made up of Director, who is well versed in the Company business, and continues to strengthen the soundness of management by enhancing audit and supervisory functions of Outside Director.

(2) Governance Committee

The Company has introduced an Executive Officer System and a Governance Committee as of June 22, 2016. The purpose of the Executive Officer System is to separate the "business execution function" from the role of Board of Directors and concentrate on the "decision-making and supervisory functions," while the purpose of the Governance Committee is to "ensure Transparency of management" by making its members mainly Outside Director, and will further strengthen and enhance governance.

3. Reasons for Adoption of Current Corporate Governance System

The Company has transitioned from a company with a Audit and Supervisory Board to a company with a Audit and Supervisory Committee as of the 92 Annual General Shareholders Meeting held on June 20, 2018. The purpose of the Governance Committee is to strengthen its audit and supervisory functions by granting Voting Rights in Board of Directors to a member of Audit and Supervisory Committee.

With regard to important matters concerning the management of the Company and its group, in accordance with Management Committee Statute, which was resolved in Board of Directors, Management Committee, which is composed of Directors and Executive Officers other than Outside Director, deliberates on matters stipulated in laws and regulations, the Articles of Incorporation and matters to be submitted to Board of Directors as stipulated in the Company's Board of Directors Statute, and makes decisions on other matters concerning the execution of business within the scope of the authority entrusted by Board of Directors.

The execution of business based on the decisions made by Board of Directors is swiftly executed by Directors in charge of business and Executive Officers under direction of President. In addition, in order to establish internal control function, the authority of duties, clarification of the person in charge of execution, and appropriate business procedures are stipulated in the Organization Statute and Authority of Duties Statute.

With regard to the involvement of lawyers and accountants in corporate governance, the Company receives guidance from legal counsel as appropriate, and accountants from audit firm regularly conduct Audit visits on the Company and the group companies. At the conclusion of Continuing Meeting of the 94 Annual General Shareholders Meeting held on July 29, 2020, ARK LLC, Audit Corporation, was newly appointed as Accounting Auditor of the Company.

5 Director and Audit and Supervisory Committee members, including 4 Outside Directors, participate in Board of Directors meetings every month, and the system is in place to sufficiently monitor the execution of duties by Directors in charge of business affairs and Executive Officers. Audit visits to each business site are regularly conducted. In addition, the Director, who is a member of Audit and Supervisory Committee, receives reports from Accounting Auditor on the methods and results of Accounting Audit, and strives for mutual cooperation.

The Company believes that the above system will enable fair and efficient corporate management.
